

# Curriculum Vitae – Lea Kreyenbaum

## ABOUT ME

Experienced Research Assistant with a Master's in Global Health, specialising in the analysis of large-scale climate and health datasets using advanced R-based methods such as DLNMs. Strong interest in climate-health impacts, exposure–response modelling and attribution-relevant analyses.

Seeking to further develop quantitative skills in climate modelling and attribution frameworks.

## PERSONAL

|                |                          |
|----------------|--------------------------|
| Name:          | Lea Kreyenbaum           |
| Address:       | Gothenburg, Sweden       |
| Date of Birth: | 11.05.2000               |
| Telephone:     | +49 157 325 936 56       |
| Email:         | lea.kreyenbaum@gmail.com |

## WORK EXPERIENCE

### 08/2025 – 04/2026: Research Assistant

#### University of Gothenburg, Sweden

- Designed and conducted a multi-country epidemiological study using DHS and NASA data, including data harmonisation, management, and statistical modelling (DLNM) in R, resulting in a peer-reviewed publication.
- Contributed to scientific writing, including manuscript drafting and revision, with seven publications under review.
- Support the development of research proposals and grant applications across diverse funding bodies (e.g. EU Horizon, Wellcome Trust, VR, Stena Foundation).
- Support student supervision and coordinate research activities, including statistical guidance, seminars, and interdisciplinary collaboration.

### 06/2025 – 09/2025: Sustainability Ambassadors Global Exchange (SAGE) program

#### Global Program (Hybrid: Germany & India)

- Conducted research on dengue surveillance systems across South Asian countries within the Clean Healthy Cities project.
- Analysed and compared surveillance approaches, identifying gaps and opportunities for improved public health monitoring.
- Collaborated with international peers and stakeholders to produce interdisciplinary research outputs, and present findings at the SAGE Showcase.

### 07/2024 – 01/2025: Research Internship – Maternal and Child Health

#### University of Gothenburg, Sweden

- Contributed to manuscript writing within a WHO-affiliated MoNITOR (Mother and Newborn Information for Tracking Outcomes and Results) project, leading to an accepted peer-reviewed publication in *Nature Health*.
- Supported coordination and communication between international research partners and assisted in project documentation.

### 11/2024 – 01/2025: Research Internship – Heat Exposure and Maternal Mental Health

#### University of Gothenburg, Sweden

- Conducted systematic literature reviews to support research on climate-related health impacts.
- Contributed to research proposal development and scientific documentation.

## 09/2022 – 12/2022: Internship in the Department for *Environmental Health und Sustainable Development*

### Caribbean Public Health Agency, Saint Lucia

- Created and delivered learning materials on air quality and health for regional workshops.
- Conducted targeted literature research on health inequalities and climate change impacts in the Caribbean region.

## EDUCATION

### 08/2023 – 06/2025: Master of Medical Science in Global Health

#### University of Gothenburg, Sweden

- Major: Advanced Biostatistics and Epidemiology

### 10/2019 – 08/2023: Bachelor of Science in International Health Sciences

#### Fulda University of Applied Sciences, Germany

- Major: Health Promotion

### 09/2021 – 02/2022: Semester Abroad

#### Zürich University of Applied Sciences, Switzerland

- Major: Health Promotion and Prevention

## COMPETENCIES & SKILLS

**Technical & Data Skills:** Software (STATA, R, GeoDa), epidemiology and biostatistics, longitudinal modelling, DHS and NASA data, data harmonisation and management

**Project Management & Collaboration:** Project coordination, interdisciplinary and multi-country teamwork, student supervision and mentoring, grant proposal development

**Scientific Communication:** Manuscript preparation and revision, systematic reviews, ethical application writing, academic and conference presentations

**Personal & Interpersonal Skills:** Intercultural competence, organizational skills, adaptability, initiative and problem-solving

**Languages:** German (native), English (fluent), Swedish (intermediate), French (beginner)

## PUBLICATIONS

### Peer-reviewed

- **Kreyenbaum, L.**, Thanh, L. N., Vaezghasemi, M., Data, S., Schröders, J., Gurung, R., Khan, J., Rahman, H., Sidat, M., Gosling, S. N., Skalkidou, A., Sewe, M. O., & Kc, A. (2026). Correlation between heat exposure and perinatal depression—A spatial case-crossover study from Bangladesh, Lesotho, Mozambique, and Nepal. *Science of The Total Environment*, 1022, 181601. <https://doi.org/10.1016/j.scitotenv.2026.181601>
- Dixit, S. M., He, Y., Hussain-Alkhateeb, L., **Kreyenbaum, L.**, Lal, B. K., Ikilezi, G., Ndakize, A., Penn-Kekana, L., Phillips, D., Shrestha, N., Thomas, J.-T., Yarmol-Matusiak, E., & Moller, A.-B. (2026). Mixed methods analysis of childbirth care provider education in Nepal shows priorities to strengthen maternal and newborn health. *Nature Health*, 1–8. <https://doi.org/10.1038/s44360-026-00128-8>

- Kc, A., Paudel, P., Bhattarai, P., Basnet, O., Gurung, R., **Kreyenbaum, L.**, Malla, H., Rayne, B. D. K., & Berkelhamer, S. (2026). Effect of Remote Essential Newborn Care Training Paired With In-Person Quality Improvement on Optimizing Immediate and Resuscitative Care Practices. ***Acta Paediatrica***. <https://doi.org/10.1111/apa.70607>

## WORKSHOP & CONFERENCE CONTRIBUTIONS

### 10/2025: Connecting Health and Climate Change #ENBEL2025

#### Tallinn, Estonia

- I presented my master thesis about the “Correlation between Heat Exposure and Perinatal Depression: Evidence from four Low-and Middle-Income Countries”

### 10/2022: Caribbean Workshop on Air Quality and Health

#### Castries, St. Lucia

- I presented on the topic of “Climate Change, Indoor Air Quality and Health” at a regional workshop, representing the Caribbean Public Health Agency

## TEACHING AND SUPERVISION

### 08/2025 – 06/2026: Master Thesis Co-Supervision

- “Health Care Workers’ Skills in Bag-Valve-Mask (BVM) Ventilation” – Anna Hammar
- “Respiratory Distress among Neonates and Support Availability” – Maria Meleshko
- “Management and Treatment of Newborns with Infections” – Ellen Andersson
- “Differences in Growth by Feeding Provider among Sick Newborns” – Hanna Holmgren
- “Perceived Barriers and Facilitators of Kangaroo Mother Care” – Tilda Svensson
- “Delayed Hospital Arrival and Neonatal Resuscitation” – Henrik Albertsson
- “Association between women with preeclampsia and Apgar score” – Alva Eriksson
- “Antenatal Care and Diabetes in Relation to Adverse Pregnancy Outcomes” – Katrin Norberg
- “Antibiotic Use in Neonates Admitted to Intensive Care and Outcomes” – Zakarias Eriksson
- “Risk factors for neonatal sepsis in Pokhara, Nepal” – Ella Rönning
- “Maternal Diabetes and Neonatal Outcomes in Pokhara, Nepal” – Alva Toftgård
- “Postpartum Hemorrhage in Nepal” – Paulina Blomgren
- “Maternal Depression and Infant Child Developmental Outcomes” – Schae Alexandra Scott
- “Heat Exposure and Perinatal Anxiety” – Alhassan Mohammed
- “Incidence of Birth Asphyxia and related mortality and neurodevelopmental outcome among the infants” – Momna Kareem
- “Harmonisation of Global Health Education in European Countries” – Pavani Durga Sesha Nageswari Pulluri

### 10/2022 – 02/2023: Teaching Assistant for “Evidence-based Decision-Making in Medicine”

#### Fulda University of Applied Sciences, Germany

- I have helped students formulate appropriate research questions, carry out systematic literature reviews, and assess the quality of randomised controlled trials and systematic reviews, using internationally standardized protocols.
